## AutoCAD Crack Free Download X64

AutoCAD What is AutoCAD? AutoCAD is a computer-aided design and drafting software application. A product of Autodesk. AutoCAD has a place on the market as a desktop, office and Web-based application. AutoCAD History AutoCAD started as a program named DraftIt, which was launched as a special edition of the 3D Studio program developed by Andrew Short. It has evolved into a standalone program and later been integrated into a suite of related applications. Over time, the total product line has expanded to include: AutoCAD (desktop and Web), AutoCAD LT, AutoCAD Architecture, AutoCAD Structural, AutoCAD Mechanical, AutoCAD Electrical, AutoCAD Security, AutoCAD Raster, AutoCAD Drafting Web, AutoCAD 360, AutoCAD MEP, AutoCAD Cloud, AutoCAD Student, AutoCAD Electrical Web, and AutoCAD Plant. AutoCAD is available for Microsoft Windows, Mac OS X, Linux, Windows CE, as well as for tablet and smartphone operating systems including iPad and Android. Download AutoCAD, AutoCAD LT or AutoCAD Architecture To download AutoCAD or AutoCAD LT you first need to purchase and install the Autodesk software, which you can do for free on the Autodesk website. Autodesk provides a 30 day evaluation version, and its autodetection software then will detect what version of AutoCAD or AutoCAD LT you have installed on your computer, allowing you to download and install AutoCAD or AutoCAD LT free of charge. You also need to register your product with Autodesk. Once you have installed the software, you need to purchase the AutoCAD or AutoCAD LT application via the Autodesk website. The AutoCAD suite (AutoCAD, AutoCAD LT, AutoCAD Architecture, AutoCAD Structural, AutoCAD Mechanical, AutoCAD Electrical, AutoCAD Security, AutoCAD Drafting Web, AutoCAD MEP, AutoCAD Cloud, AutoCAD Electrical Web, AutoCAD Student, AutoCAD Plant) cost \$800.00 USD or \$1,200.00 CAD for a perpetual license. AutoCAD is available to use on both Windows and Mac computers. AutoCAD, AutoCAD

Autodesk Vault Autodesk Vault is a web application for storing, sharing, organizing, and finding digital assets. Autodesk Vault can be accessed using Autodesk.com or on an iPad, iPhone, or iPod Touch, and is accessible from any web browser on a mobile device, tablet, or computer. Autodesk Vault provides the user with a secure web-based web viewer that they can access from any web browser on a mobile device, tablet, or computer. Autodesk Vault allows users to securely and easily store and manage files, such as 3D models, 2D drawings, CAD models, video and image files, data, documents, and other data types. In April 2013 Autodesk Vault was updated to include Autodesk 360 integration for the ability to share 360° files, images, and videos to Vault and Autodesk 360, and to work seamlessly with Autodesk 3D 360 Maps. The former Autodesk Vault website was replaced in October 2017 by a new website with an emphasis on mobile. The new website does not support

Autodesk Vault subscription management, but instead provides a platform for uploading and sharing files with no cloud-based storage restrictions. In 2016, Autodesk unveiled its "Project Forge" initiative which would allow users to share Autodesk Forge 3D models with Vault, either by uploading to Vault or through a drag-and-drop action. When a file is uploaded to the project, users will be given the option to share the files with friends, family, and colleagues. Autodesk Vault is available as a web app (with no cloud-based storage), on iPad, iPhone and iPod Touch, and on Android devices.

Autodesk Vault was also announced at Autodesk University 2016 and is scheduled to become available to Android users in the US, UK, and Australia.
